**EVERY PENNY YOU SPEND APPLIES DIRECTLY  
TO YOUR PORTRAITS!**

#### HOW IT WORKS

It's simple: You determine exactly what portraits you want, and what sizes you need; based on the cost of what you anticipate your needs to be, we will block out a specified amount of time, just for you. From that point on, there are **no** restrictions!

*Want indoor and outdoor portraits? Have a hobby or sport you're into, or maybe a bunch of cool new outfits? Want several different poses to give your friends? **No** problem! We can do whatever you desire, as long as we can get it done during your reserved time.*

With each session then, there is just a minimum order; whatever you want to purchase to get to the minimum is entirely up to you!

#### THE REGULAR SESSION

1-2 hours                      Minimum order of \$450.00

#### THE ULTIMATE SESSION

2 hours +                      Minimum order of \$550.00

#### WHAT IS INCLUDED

General retouching & finishing (blemishes, pores, moles, scars, etc). No additional charges for black and white, sepia toned, special effects, etc. A free yearbook image (print or digital) is also included.

#### PRINT ORDERS

Print orders placed within two weeks of receiving your proofs qualify for our discounted early pricing; for all other orders, please refer to our still low standard pricing.

#### WHERE ARE THE PACKAGES?

We feel it's nearly impossible to put together one set of packages that pleases everyone; typically, you'll find only some of what you really want in a package (and typically some items that you don't want), and have to 'upgrade' or add on in order to get what you *really* want. A low-price package somewhere else may get you in the door - but you almost always end up spending more!

Think of this as a build-your-own package, with no restrictions!

#### WHAT ELSE DO I NEED TO KNOW?

If you go to the Senior section of our website, ([www.studiohphotography.net](http://www.studiohphotography.net)), there are details on what to expect for your session, and tips on clothing selections, props, etc. as well.

We like to keep our sessions fun, and we want to make the session all about you - so think about what defines you as a high school senior, and bring your props and ideas!
